FREE QUALIFICATIONS FOR ADULTS

IF YOU'RE 19 OR OVER AND DON'T ALREADY HAVE QUALIFICATIONS AT LEVEL 2 OR LEVEL 3, YOU CAN ENROL ON ONE OF OUR B&FC LEVEL 2 OR 3 COURSES FOR FREE.

IF YOU HAVE A LEVEL 3 QUALIFICATION OR HIGHER BUT ARE UNEMPLOYED OR EARN BELOW THE NATIONAL LIVING WAGE (£20,319 FROM APRIL 2023), YOU CAN ALSO ACCESS THESE QUALIFICATIONS FOR FREE REGARDLESS OF ANY QUALIFICATIONS YOU ALREADY HAVE.

ADVANCED LEARNER LOAN FOR LEVEL 3 QUALIFICATIONS

If your circumstances mean you can't access a fully funded qualification, you can still study with us and pay no upfront fees.

Getting an Advanced Learner Loan which covers your course fees, doesn't depend on your household income and there's no credit check.

There's nothing to pay upfront and you don't have to pay anything back until you're earning over £25,000¹ a year. Even then, you only pay back 9% of what you earn above this amount. After 30 years, even if you haven't paid back the full amount, your loan is written off entirely.

What's more, if you study an Access to HE course and then go on to do a degree, your Advanced Learner Loan is written off.

DON'T LET FINANCE HOLD YOU BACK

NAME:

Carrie Lee

COURSE:

Level 3 Access to HE Diploma in Social Science

“ STUDENT CASE FILE

Prior to starting my Access to HE course and due to circumstances beyond my control, I had lost my business and my income so understandably financial concerns were preying on my mind. I was worried that returning to education and purchasing any required resources would be an additional burden. However, being able to get an Advanced Learner Loan to pay for my tuition fees, a regular monthly bursary provided by the College and a free bus pass meant this was something I didn't need to worry about.

As a mum of three and a wife, being able to study without worrying about finance was a huge weight off my shoulders and meant I could really concentrate on my coursework.

What's more, as I decided to continue my education to degree-level once I had completed my Access course, my Advanced Learner Loan was written off once I finished my degree.

Carrie received:

Advanced Learner Loan

£60 monthly bursary

Help with childcare costs

FREE bus pass worth £750

FREE breakfast

B&FC ADULT COURSES – WHAT WE OFFER

At B&FC, we cover everything from helping you learn the basics right up to studying for a degree. There are courses across a wide range of subjects from business and automotive to construction and hair and beauty with a focus on professional and technical training that will give your career prospects a boost. We have a wealth of experience teaching adult learners and can help you develop the study skills you need to support your success.

LEVEL 2 AND LEVEL 3 DIPLOMAS IDEAL FOR UPSKILLING AND RESKILLING

Our **Level 2** and **Level 3** diploma courses allow you to build specialist knowledge in a particular subject area with an emphasis on developing skills that are industry relevant to help you progress in your chosen career.

Our **Level 2** courses, which take a year to complete and are equivalent to GCSEs,

Subjects available include:

Automotive and Motorsport

Business and Enterprise

Children, Young People & Families

Computing and Digital Technologies

Construction

Creative Arts

Engineering

allow you to build strong foundational knowledge in your subject area before progressing onto a more challenging Level 3 course.

Level 3 courses are equivalent to **2 A levels** and provide the employment-focused skills and knowledge that can either boost your job prospects or lead to higher level study.

PROFESSIONAL COURSES

As well as our diploma programmes for adult learners, we offer a range of professional courses aimed at our commercial customers. These are designed to address training in specific industry sectors especially those which require businesses and their employees to have accredited training in particular tasks such as in automotive and construction. For example, we offer MOT testing courses, gas safety training and CENWAT courses to name just a few.

There are also commercial courses in sectors like hair and beauty where the introduction of new techniques and materials means that practitioners need regular training to be able to offer the latest treatments to clients.

See page 15 to page 17 for a full list of courses available.

MOST COURSES ARE FREE OR HAVE NO UPFRONT FEES

Industry specialist tutors who keep their expertise up-to-date

You'll also find that because our tutors have industry backgrounds, they understand the issues that are faced in the sector making them very responsive to the needs of course attendees.

ACCESS TO HIGHER EDUCATION PROGRAMMES

Our Access to HE programmes are designed to provide a stepping stone to degree-level study and are especially geared up to adult learners who are returning to education after time away from the classroom. What's more, if you use an Advanced Learner Loan to finance your course, this will then be written off if you go on to study a degree.

See page 10 for a full list of courses available.

STUDENT CASE FILE

Inspired by her daughter, who had just completed a Master's, Shirley decided to start fresh and come back to education at B&FC.

After completing her GCSEs, she enrolled onto an Access to HE course in Social Sciences. Shirley praises her tutors, who were there for her throughout her academic journey and the smaller class sizes, which meant she received more 1:1 support than if she went elsewhere.

ONLINE COURSES WITH B&FC

If you're ambitious and want to get ahead in your career but are struggling to find the time to study, one of our online courses could be for you. These short courses are designed to fit flexibly around your lifestyle whilst helping you develop the additional professional skills that will boost your career prospects.

AAT ACCOUNTING

Looking to begin or refresh a career in accountancy? Then our AAT Level 2 online course is exactly what you're looking for. Covering a range of key skills from double entry bookkeeping to using accountancy software, this course is ideal for everyone from beginners in finance to those wanting to build on previous accountancy foundation courses.

BUSINESS, LEADERSHIP AND MANAGEMENT

Want to improve your leadership skills? From organising and delegating to conflict management and team motivation, our range of 10 short courses are all designed to boost your skills and confidence when leading and managing individuals and teams, to optimise performance and encourage staff retention.

PROJECT MANAGEMENT

From foundation level learning to comprehensive project management strategies, these five online courses will build the knowledge and techniques required to successfully plan and implement projects of all shapes and sizes. You will be shown how to organise and manage resources, people, time and budgets to deliver against key objectives and reach a successful conclusion.

CHILDCARE AND EDUCATION

Our short courses on safeguarding vulnerable adults and children and on internet safety are useful introductions to key topics in childcare and education. You will gain an understanding of safeguarding issues both on- and off-line and given guidance on how to recognise the signs of abuse and what action to take if you do.

OUR ONLINE SHORT COURSES START FROM AS LITTLE AS £30

See our full course list at: blackpool.ac.uk/online-courses

HEALTH AND SAFETY

Keeping yourself and your employees safe in the workplace is vital. Make sure your knowledge is up to date with our online health and safety courses covering areas such as fire safety, safe manual handling and risk assessment to name just a few.

HEALTH AND SOCIAL CARE

Our online courses in health and social care are ideal for those who work in the sector and also for those who may find having this knowledge a useful addition to their people management skills. Understanding illnesses involving issues such as mental health, anxiety, stress and substance abuse, gives participants the knowledge they need to support others.

PERSONAL DEVELOPMENT AND EMPLOYABILITY

Our range of personal development and employability courses are a great addition to any CV. From first aid to personal money management, there's something for everyone.

RETAIL AND HOSPITALITY

We currently offer two courses in this sector: one which covers food safety awareness and the other which covers customer service skills. Both are designed to give you a head start when applying for entry-level roles in the industry.

ADVANCE YOUR CAREER WITH A B&FC APPRENTICESHIP

If you're 16 or above, an apprenticeship provides the best of both worlds; the chance to work towards a nationally-recognised qualification and develop your career at the same time.

HOW DO THEY WORK?

Apprenticeships suit people wanting to get a foot on the career ladder, earning a wage for doing a real full-time job. They also suit people who have already been working for a while, since they provide formal recognition of your knowledge and skills, helping you to move up the ranks. Assessment mostly takes place in the workplace. You'll be working for 4 days a week, with 1 day a week spent doing 'off-the-job' training, such as shadowing a colleague or developing your skills at College.

A PERSONALISED PROGRAMME

The great thing about a B&FC apprenticeship is that it's personalised to you. When you start, we will allocate you a skills coach, who will visit you at least once a month to guide and support you through your programme and help you to plan for your future. We also provide specialist support for your English and maths and for any additional needs you make us aware of.

TRAINEESHIPS

If you're aged 16-24, we might recommend you do a traineeship first. A traineeship helps you develop the skills and experience you need to become 'work ready'. You'll do a 100 hour industry placement with a local employer and spend time developing your English, maths and employability skills.

INTERMEDIATE AND ADVANCED APPRENTICESHIPS

Choose from a wide range of Level 2 apprenticeships (equivalent to doing GCSEs) and Level 3 advanced apprenticeships (equivalent to doing A Levels).

HIGHER AND DEGREE APPRENTICESHIPS

Higher and degree apprenticeships are a high quality alternative to the traditional degree route, combining skilled on-the-job training with higher level study. They suit young people who want to start their career straight away as well as existing employees who want to progress.
