# HELP WITH FINANCES

There's plenty of financial help available for adults returning to education, especially for those who are unemployed, on a low wage or who left school without any qualifications. Even for adults who don't fall into any of these categories, there are straightforward ways to fund your return to college that we can help you access.

**STUDYING TOWARDS  
YOUR DREAM CAREER  
HAS NEVER BEEN MORE  
AFFORDABLE**

## **FREE COURSES FOR JOBS**

Free courses for jobs is part of a government-funded scheme intended to train adults, providing valuable skills and experience, to improve their prospects and help them kickstart a career in their desired subject.

**If you are unemployed or earning an annual salary of £20,319 or less, even if you already have a Level 3 qualification, you could be eligible to enrol on one of our courses that qualifies for the Free Courses for Jobs scheme. Because new courses are being added regularly, it's better to check on our website to see what's currently available at [blackpool.ac.uk/freecoursesforjobs](http://blackpool.ac.uk/freecoursesforjobs)**

Look for eligible courses on page 9-11.

## **ADVANCED LEARNER LOAN for Level 3 Qualifications**

If your circumstances mean you can't access a fully funded qualification, you can still study with us and pay no upfront fees.

Getting an Advanced Learner Loan which covers your course fees, doesn't depend on your household income and there's no credit check.

There's nothing to pay upfront and you don't have to pay anything back until you're earning over £25,000 a year. Even then, you only pay back 9% of what you earn above this amount. After 30 years, even if you haven't paid back the full amount, your loan is written off entirely.

What's more, if you study an Access to HE course and then go on to complete a degree, your Advanced Learner Loan will be written off.

## **FREE OR PARTIALLY FUNDED Level 2 and Level 3 Qualifications**

There are some circumstances where you might qualify for full or partial funding for a Level 2 or Level 3 qualification. As these will be particular to your personal circumstances, we recommend speaking to one of our funding specialists to find out if you are eligible. You can call our Careers Team on 01253 504474 and arrange an appointment to discuss what you want to do and what you might be entitled to.

NAME:

Carrie Lee

COURSE:

Level 3 Access to HE  
Diploma in Social Science

Prior to starting my Access to HE course and due to circumstances beyond my control, I had lost my business and my income so understandably financial concerns were preying on my mind. I was worried that returning to education and purchasing any required resources would be additional burden. However, being able to get an Advanced Learner Loan to pay for my tuition fees, a regular monthly bursary provided by the College and a free bus pass meant this was something I didn't need to worry about.

**As a mum of three and a wife, being able to study without worrying about finance was a huge weight off my shoulders and meant I could really concentrate on my coursework.**

What's more, as I decided to continue my education to degree level once I had completed my Access course, my Advanced Learner Loan has since been written off.

Carrie received:

Advanced Learner Loan

£60 monthly bursary

Help with childcare costs

FREE bus pass worth £600

FREE breakfast

# B&FC ADULT COURSES — WHAT WE OFFER

At B&FC, we cover everything from helping you with the basics right up to studying for a degree. There are courses across a wide range of subject areas from automotive and construction to business and hospitality, all of which have a focus on technical and professional training to boost your career prospects. What's more we have a wealth of experience teaching adult learners so you can be confident that the teaching will be geared to you and you'll get all the help you need to support your success.

## FREE courses to improve your English, Maths and Digital Skills

Delivered at: **SEASIDERS LEARNING CENTRE** at **BLACKPOOL FOOTBALL CLUB** and **FLEETWOOD LEARNING CENTRE** at **THE HUB** (formerly Fleetwood Old Hospital).

Study after study shows that having good basic maths and literary skills have a positive long term impact on your career and financial prospects. If you missed out on acquiring these skills at school, it's not too late to learn them now and we're here to help you every step of the way.

**Our English courses** will help you if you're struggling to read and write. You'll get all the support you need in a safe, welcoming and friendly space where everyone is encouraged to join in.

If you don't get maths, you're not alone. **Our maths courses** are for anyone who finds numbers baffling. You'll get all the help you need to be confident using maths in everyday situations and at work.

Technology is everywhere these days, but that doesn't mean you know how to use it. **Our digital skills courses** help you learn how to use a computer from switching one on to surfing the internet.

# FREE or FUNDED Level 2 and Level 3 courses to upskill and reskill

**Delivered at: Bispham Campus and University Centre Campus depending on the subject area.**

Our **Level 2** and **Level 3** diploma courses allow you to build specialist knowledge in a particular subject area with an emphasis on developing skills that are industry relevant to help you progress in your chosen career.

Our **Level 2** courses, which take a year to complete and are equivalent to GCSEs, allow you to build strong foundational knowledge in your subject area before progressing onto a more challenging Level 3 course.

**Level 3** courses are equivalent to **2 A levels** and provide the employment-focused skills and knowledge that can either boost your job prospects or lead to higher level study.

**Subjects available include:**

Automotive and Motorsport

Business and Enterprise

Children, Young People & Families

Computing and Digital Technologies

Construction

Creative Arts

Engineering

Hair, Beauty and Related Therapies

Health and Medical Professions

Hospitality and Culinary Skills

Public Services

Science

Sport, Leisure and Recreation

Teaching and Learning Support

Travel and Tourism

**MOST COURSES ARE FREE OR HAVE NO UPFRONT FEES**

## PROFESSIONAL COURSES

**Delivered at: Bispham Campus and University Centre Campus depending on the subject area.**

We offer a range of courses aimed at our commercial customers designed to address sector specific training in these industries. These include industry accreditations such as those required in the construction or automotive sectors. For example, we offer MOT testing courses, gas safety training and CENWAT courses to name just a few.

We also provide commercial courses in sectors like hair and beauty where the introduction of new techniques and materials means that practitioners need regular training to be able to offer the latest treatments to clients.

**Industry specialist tutors who keep their expertise up-to-date**

You'll find that because most tutors here have industry backgrounds, courses are modelled on the needs of industry and designed, wherever possible, to reflect course attendees' real workplace experiences

**Our professional courses are competitively priced and easy to arrange by either applying directly through our website or contacting our Course Enquiries team on 01253 504343.**

# FAST TRACK TO DEGREE COURSES

Join one of our Fast Track to Degree programmes this coming January and you could be on track to start a degree next September.

Fast Track courses are designed to get you ready for higher-level study in 6 months or less. Great news if you've decided that a degree is the right course for you but you don't have the qualifications you need to enrol.

Taught by specialist tutors who have a wealth of experience helping adult learners settle back into the classroom, you'll not only get the academic support you need, but the wraparound help that gives people returning to education the confidence they need to succeed.

What's more, a space on one of our degree-level qualifications is guaranteed if you complete the Fast Track successfully. You don't need to search for a place at university as you'll already have one right here.

Like most of our adult provision, our Fast Track courses and the degrees they lead to are career focused to help you improve your job prospects in the sector you already work in or take you in a whole new direction career wise.

## STUDY FOR FREE IF YOU'RE UNEMPLOYED OR A LOW WAGE EARNER

Most of our Fast Track programmes qualify for the Government's Free Courses for Jobs scheme which means that you don't have to pay any course fees if you meet certain eligibility criteria, including being unemployed or on a low wage (under £20,319 per annum).

To ensure you can access all the financial help you are entitled to, you can arrange an appointment to speak to one of our funding specialists who would also be able to confirm whether you qualify for fully funded study. Call 01253 504474 for an appointment.

# 50+? MAKE YOUR EXPERIENCE PAY

With a buoyant labour market across numerous industry sectors, employers are sometimes struggling to fill vacancies not just in entry-level roles but also in more senior positions where knowledge and expertise are crucial. The fact that a significant proportion of people over 50 have, for various reasons, left the jobs market in the last few years is having a marked impact on employer's ability to recruit.

Some people have willingly stepped out of work and are enjoying their retirement, but equally, there are those for whom not working is not really working out – either because the finances aren't adding up as they hoped or because they are simply struggling to fill the gap left by work.

If you're 50+ and out of work but still feel you have a lot to offer, then we can help you make the move back into employment with courses that utilise the skills and experience you've already got to make you more attractive to potential employers.

## FUNDING FOR THE OVER 50S

You might be surprised to learn that the funding rules that apply to adult students in general apply equally to those over 50. That means that if you qualify for funding like Free Courses for Jobs or you want to apply for an Advanced Learner Loan being over 50 isn't a barrier to accessing education.

## WHAT WE CAN OFFER:

- + A wide choice of courses to help you upskill or reskill
- + Academic support especially tailored to older learners
- + Help with careers advice, CV writing and interview skills
- + Support to access the right funding

## WHAT YOU CAN OFFER EMPLOYERS:

- + Loyalty and reliability
- + Experience and knowledge
- + Leadership and mentoring skills

With over a third of the UK's workforce now being over 50, employers will have to embrace what older workers can bring to their businesses if they are to keep their organisations fully staffed. We're here to help you develop the next generation of skills you'll need to compete for the very best roles in your industry or a new skills set if you decide to look at other avenues of opportunity.

# ONLINE COURSES WITH B&FC

*If you're ambitious and want to get ahead in your career but are struggling to find the time to study, one of our online courses could be for you. These short courses are designed to fit flexibly around your lifestyle whilst helping you develop the additional professional skills that will boost your career prospects.*

## **AAT ACCOUNTING**

Looking to begin or refresh a career in accountancy? Then our AAT Level 2 online course is exactly what you're looking for. Covering a range of key skills from double entry bookkeeping to using accountancy software, this course is ideal for everyone from beginners in finance to those wanting to build on previous accountancy foundation courses.

## **BUSINESS, LEADERSHIP AND MANAGEMENT**

Want to improve your leadership skills? From organising and delegating to conflict management and team motivation, our range of 10 short courses are all designed to boost your skills and confidence when leading and managing individuals and teams, to optimise performance and encourage staff retention.

## **PROJECT MANAGEMENT**

From foundation level learning to comprehensive project management strategies, these five online courses will build the knowledge and techniques required to successfully plan and implement projects of all shapes and sizes. You will be shown how to organise and manage resources, people, time and budgets to deliver against key objectives and reach a successful conclusion.

## **CHILDCARE AND EDUCATION**

Our short courses on safeguarding vulnerable adults and children and on internet safety are useful introductions to key topics in childcare and education. You will gain an understanding of safeguarding issues both on- and off-line and given guidance on how to recognise the signs of abuse and what action to take if you do.

**OUR ONLINE SHORT COURSES START FROM AS LITTLE AS £30**

See our full course list at: [blackpool.ac.uk/online-courses](https://blackpool.ac.uk/online-courses)

## **HEALTH AND SAFETY**

Keeping yourself and your employees safe in the workplace is vital. Make sure your knowledge is up to date with our online health and safety courses covering areas such as fire safety, safe manual handling and risk assessment to name just a few.

## **HEALTH AND SOCIAL CARE**

Our online courses in health and social care are ideal for those who work in the sector and also for those who may find having this knowledge a useful addition to their people management skills. Understanding illnesses involving issues such as mental health, anxiety, stress and substance abuse, gives participants the knowledge they need to support others.

## **PERSONAL DEVELOPMENT AND EMPLOYABILITY**

Our range of personal development and employability courses are a great addition to any CV. From first aid to personal money management, there's something for everyone.

## **RETAIL AND HOSPITALITY**

We currently offer two courses in this sector: one which covers food safety awareness and the other which covers customer service skills. Both are designed to give you ahead start when applying for entry level roles in the industry.

# ADVANCE YOUR CAREER WITH A B&FC APPRENTICESHIP

*If you're 16 or above, an apprenticeship provides the best of both worlds; the chance to work towards a nationally-recognised qualification and develop your career at the same time.*

## HOW DO THEY WORK?

Apprenticeships suit people wanting to get a foot on the career ladder, earning a wage for doing a real full-time job. They also suit people who have already been working for a while, since they provide formal recognition of your knowledge and skills, helping you to move up the ranks. Assessment mostly takes place in the workplace. You'll be working for 4 days a week, with 1 day a week spent doing 'off-the-job' training, such as shadowing a colleague or developing your skills at College.

## A PERSONALISED PROGRAMME

The great thing about a B&FC apprenticeship is that it's personalised to you. When you start, we will allocate you a skills coach, who will visit you at least once a month to guide and support you through your programme and help you to plan for your future. We also provide specialist support for your English and maths and for any additional needs you make us aware of.

## PRE-APPRENTICESHIPS

If you're aged 16-24, we might recommend you do a pre-apprenticeship first. A pre-apprenticeship helps you develop the skills and experience you need to become 'work ready'. You'll do an industry placement with a local employer and spend time developing your English, maths and employability skills.

**+ ALL STUDENTS DOING A PRE-APPRENTICESHIP GET A FREE 24/7 BLACKPOOL TRANSPORT BUS PASS AND A £40 BURSARY**

## INTERMEDIATE AND ADVANCED APPRENTICESHIPS

Choose from a wide range of Level 2 apprenticeships (equivalent to doing GCSEs) and Level 3 advanced apprenticeships (equivalent to doing A Levels).

## HIGHER AND DEGREE APPRENTICESHIPS

Higher and degree apprenticeships are a high quality alternative to the traditional degree route, combining skilled on-the-job training with higher level study. They suit young people who want to start their career straight away as well as existing employees who want to progress.
