Prior to starting my Access to HE course at B&FC, I had, due to circumstances beyond my control, lost my business and my income so understandably financial concerns were preying on my mind. I was worried that returning to education and purchasing any required resources would be an additional burden. However, being able to get an Advanced Learner Loan to pay for my tuition fees, a regular monthly bursary of £60 provided by the college and a free bus pass meant this was something I didn't need to worry about.

While I never had to access it, all students were also made aware of a hardship fund should they need to apply. As a mum of three and a wife, being able to study without worrying about finance was a huge weight off my shoulders and meant I could really concentrate on my coursework.

What's more, as I decided to continue my education to degree level once I had completed my access course, my Advanced Learner Loan has since been written off."

My tutors were amazing, giving me detailed feedback on my written work, allowing me to focus on areas for improvement and take pride in my accomplishments. The college is local to me and the timetable fit in perfectly with my working hours. It was a no brainer!
